

Spell Check Web Advertising Description

Web Advertising in REST Professional allows up to 3000 characters in the Advertising Description and a spell check can also be completed on the advertising Headline and Description.

A check of spelling can be processed on the Advertising Headline and Description. Microsoft Word must be installed to use the spell check feature.

To process a spell check:

- 1. Click Files > Property or Files > Sales > Sale.
- 2. Search for and display the appropriate Property or Sale.
- 3. Select the Advert tab, the Advert Copy tab displays.
- 4. Enter or edit the Advertising Headline and Description.
- 5. Click the Spell Check button

- If no errors are found a message displays advising the spell check is complete.
- If errors are found the Spelling screen displays.
