## How are Bank Charges charged to owners for different transactions

**Electronic In** - Bank charges will be charged when a receipt is made for the payment method Direct Deposit. This is charged at the time the receipt is processed.

**Cheques In** - Bank charges will be charged when a receipt is made for the payment method Cheque. This is charged at the time the receipt is processed.

**Tenant Debit In** - Bank Charges will be charged when REST processes the direct debit receipt or a tenant manual receipt is processed with the payment method of tenant debit.

**Electronic Out** - Bank charges will be charged when you pay an owner or creditor electronically. The owner is charged this amount on all disbursements to creditors paid by EFT

at the time of the disbursement for the creditor being debited from the owner ledger and for Owner Payments by EFT to the owner, this will be charged at the point of the "Cheques, Fees & Splits", "Owner Advanced Cheque" OR "Clearing Statements & Payments" step is processed.

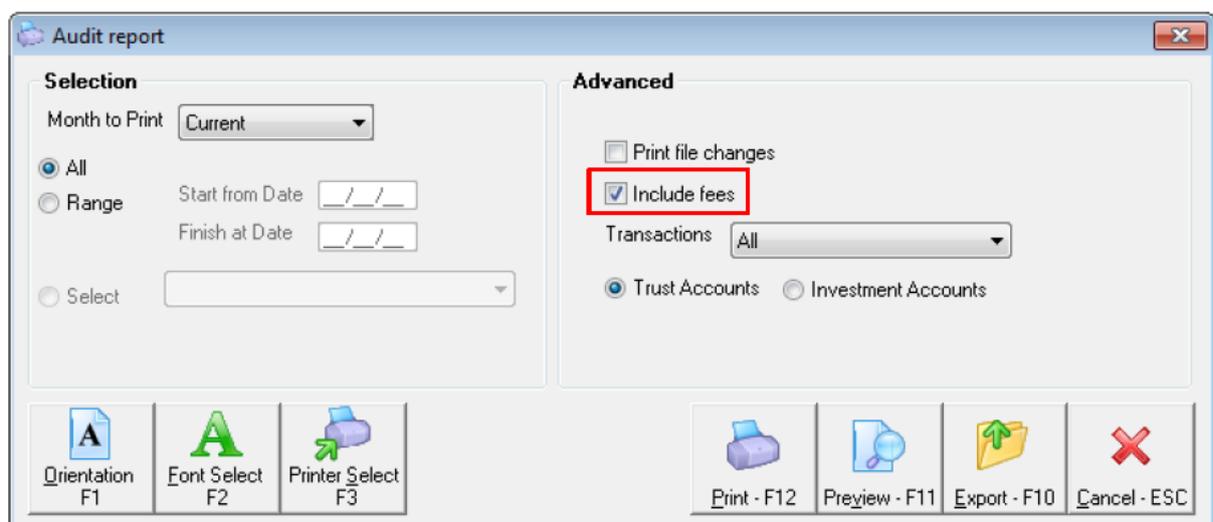

**Cheques Out** - Bank charges will be charged when you draw a cheque out of your trust account. The owner is charged this amount on all disbursements to creditors paid by cheque at the time of the disbursement for the creditor being debited from the owner ledger and for Owner Payments by Cheque to the owner, this will be charged at the point of the "Cheques, Fees & Splits", "Owner Advanced Cheque" OR "Clearing Statements & Payments" step is processed.

## How to identify bank charges on the Audit Report

When bank charges are charged to the owner, they are automatically credited to the internal account called AABANKCHG at the time of receipting/disbursing funds.

To identify the bank charges for a specific transaction:-

1. Go to Cash Book > Audit Report
2. Select the required month
3. Tick Include Fees tick box
4. Click Preview-F11

5. When previewing the Audit Report, the column 'Bnk Chg' will display the bank charges applicable for the specific transaction

## How to do a Global Change to update all owner bank charges

You may have a number of owners with bank charges that are not being charged or bank charges are different amounts for different owners.

You can make a global change in REST utilities so that all owners are changed to a global amount.

1. Ensure all users are out of REST
2. Make a backup of your data and rename the backup (i.e. before bankcharge change.dat.zip)
3. Go to REST Utilities. i.e. go to you Start menu > All Programs > REST Professional > REST Util
4. Click on Database Changes
5. Select Bank Charges. There is 2 options to choose from:-
  - Set Bank charges on all owners - This option will update all Owners tax & charges and apply the nominated bank charges (from Company Details) to those that do not currently have any bank charges entered
  - Clear Bank charges on all owners - This option will remove the existing bank charge on all Owners
6. Click Save-F12
