How to Setup REST Professional Web Advertising for rent.com.au

Overview

This document will explain how to configure REST Professional web advertising as supplied by rent.com.au.

This document will cover:

- How to Setup a Web Advertising Portal for rent.com.au
- How to Setup Property to Upload to rent.com.au

How to Link the REST Professional Web Module

- 1. Go to Other > Utilities > Company Details
- 2. Click the Advertising tab
- 3. Click Configure/View
- 4. Click Add
- 5. Enter required criteria:
 - Service Select an available Service from the drop down menu i.e. User Defined 2
 - Service Name This is your rent.com.au Feed Reference and can be located from Portal Uploader section of your rent.com.au Admin Centre.

NOTE: This is what wil appear on the tick box of your **Property** > **Advertising tab**. Please ensure you <u>do not</u> change this to read rent.com.au as this will not upload unless it has the feed reference in this field.
