How to Setup Web Advertising from Rest Professional to www.realestate.com.au

Overview

As you have previously been manually uploading to this site, www.realestate.com.au requires unique ID numbers to be set against each of the properties that have been advertised to www.realestate.com.au in the past.

These unique ID numbers will be emailed to you directly from www.realestate.com.au.

It is imperative that you enter these ID numbers prior to your first upload through Rest Professional to avoid any complications with uploads to their website.

To Setup Advertising to www.realestate.com.au in Rest Professional

Note: this must be completed by a user with the highest security level:

1. Go to **Other** > **Utilities** > **Company Details** > **Advertising** Tab
2. Click on the **Configure/View** button
3. Click the **Add** button
4. Select the Service **Realestate.com.au**
5. Enter your Agent ID - This should be provided to you by realestate.com.au
6. Click **OK-F12**

To Enter the Unique www.realestate.com.au ID numbers to Rest Professional

1. Go to **Files** > **Property**, enter the property address
2. Select the **Advert Tab** > **General Tab**
3. Enter the number from the spread sheet in the "Property Number" field (see screenshot below with an example)
4. Click **OK-F12**
5. If you are trying to add an ID for a property that is currently advertised to other portals, you will need to go to the **Property** > **Advert** > **Advertise Tab** > untick this property to be advertised and press **OK-F12** to save.
6. Go to **Files** > **Web Advertising** > **Upload**
7. Go back to the **Property Card** > **Advert Tab** > **General Tab** > enter the ID > tick to be advertised again and complete the web upload
8. Lastly you will need to contact the realestate.com.au support team on 1300 134 174 to advise them that you have successfully entered your unique ID's against the relevant properties so that they can enable

your feeds from Rest Professional.
