

## Strata Master Version 15.5.5 Release Notes

### In this release

#### Debt Recovery Notices

Adjustments have been made to the reminder notice and debt recovery templates to include a merge field which displays the daily interest amount. This has been applied on all stages of debt recovery.

### What we fixed

#### Remittance Advice Field 1

Remittances were populating text reading 'Field 1' under certain circumstances. This has been resolved.

#### 12 Month Statement Update

The 12 Month Statement of Revenue and Expenses has been updated to reflect budgets created with Financial Groups.

#### Update Invoice Finance Creditor Details

The Invoice Finance Creditor details have been updated relating to MRI Strata Master Connect Invoice Finance for trades.

#### Levy Notice Template

The levy notice email template was reflecting the Business Name rather than the Contact Name when Business was selected. This has been resolved.

#### ASB Payment Files

Some payment files via ASB Professional Trust were returning an error. This has been resolved.

#### Final Fee Notices

The text on the Final Fee Notice for Victoria has been adjusted for accuracy.

#### Detailed Expenses Report

Under certain circumstances, the Detailed Expenses report was populating the payee, type, and payment number incorrectly. This has been resolved.
